## Work experience

**Frontend web developer** Mar 2023 - Present  
*MailSentry.io, Remote*

- Proactively engaged in Agile team dynamics, contributing to sprint planning and daily stand-ups.
- Developed and managed React components in the NEXT.js framework
- Ensuring adherence to responsive design principles aligned with Figma specifications.
- Utilized Ant Design components and Tailwind CSS for seamless UI implementation.
- Proficiently worked with REST APIs, optimizing data retrieval and facilitating efficient communication between frontend and backend for dynamic web applications.
- Upheld coding standards, conducted thorough code reviews, and embraced industry best practices.
- Committed to continuous learning, and staying abreast of the latest front-end technologies.
- Effectively communicated technical concepts and fostered collaboration within the team.

**Frontend Web Developer** Aug 2022 - Mar 2023  
*Freelance Self-Employed, Lund/Sweden*

- Started as a beginner frontend developer, acquiring expertise in HTML CSS - JavaScript - React
- Showcased progress and passion through a series of personal projects.
- Initiated by creating clean and semantic HTML structures aligned with Figma design.
- Styling with CSS and SCSS for visually appealing layouts aligned with Figma design.
- Enhanced interactivity and logic through JavaScript implementation.
- Proficient in React, with expertise in components, states, props, and the underlying mechanics of the framework.

**Head of Systems and Processes Management** Mar 2017 - Jun 2022  
*Kowsar Insurance, Tehran/Iran*

- Spearheaded the Systems and Processes Department for four years, driving agile methodologies in frontend web development.
- Orchestrated the ISO audit team for six years, serving as a team leader for three years, fostering agile practices.
