Hami Seyedabadi

Experienced, detail-oriented, organized and hardworker Frontend Web Developer with a background in process and system management. Known for accuracy, loyalty, and rapid learning, I thrive in dynamic team environments. Committed to continuous growth and adept at delivering high-quality work. Ready to contribute to team success with precision, adaptability, and a collaborative spirit. Proficient in Agile environments and adept at developing and maintaining front-end components. Skilled in responsive design, coding standards, and conducting code reviews.

Work experience

Frontend web developer
Mar 2023 - Present

MailSentry(https://mailsentry.io/), Remote, Lund/Sweden

- Proactively engaged in Agile team dynamics, contributing to sprint planning and daily stand-ups.
- Developed and managed React components in the NEXT.js framework
- Ensuring adherence to responsive design principles aligned with Figma specifications.
- Utilized Ant Design components and Tailwind CSS for seamless UI implementation.
- Proficiently worked with REST APIs, optimizing data retrieval and facilitating efficient communication between frontend and backend for dynamic web applications.
